“Elevate your Brand with Exceptional Design”

## Founder's Message:

Hello I am Ms Bhakti Joshi, Founder of POMP & POWER. I have been in the business of GRAPHIC DESIGNING for the last 7+ years having worked on over more than 10 industrial categories and over more than 100 projects. Do you know that visual representation is the most important aspect when it comes to creating a first impression?

POMP & POWER is founded with the vision of creating high quality designing work for the customers at a fair price.

All of the POMP & POWER work is carefully crafted after understanding the needs and the target segments of the brand in detail.

We are a group of enthusiasts dedicated to bringing high quality work at a reasonable price.

Our goal is to understand the customer's requirements in detail and to guide them for what is absolutely required and beneficial for their brand rather than proposing then absolutely everything which they may not even require.

*“Design is the body language of your marketing.  
Don’t slouch.”*  
**- Mark King**

*“No masterpiece was ever created by a lazy artist.”*  
**- Salvador Dalí**

*“Content precedes design. Design in the absence of  
content is not design, it’s decoration.”*  
**- Jeffrey Zeldman**

*“Design is thinking made visual.”*  
**- Saul Bass**

*“Designers may be the true intellectuals of the future.”*  
**- Paola Antonelli**

*“Color does not add a pleasant quality to design -  
it reinforces it.”*
